

B.Tech First Year

IS-23 First Year Regulation & Syllabus

B.Tech Second Year

CSE

Computer Science & Engineering (Artificial Intelligence)

Artificial Intelligence & Machine Learning

Data Science

Electronics & Communication Engineering

Agricultural Engineering

B.Tech Third Year

CSE

Computer Science & Engineering (Artificial Intelligence)

Artificial Intelligence & Machine Learning

Data Science

Electronics & Communication Engineering

Agricultural Engineering

Example: B.Tech CSE (AI) – 2nd Year (IS-23)

Semester I

Discrete Mathematics & Graph Theory

Universal Human Values

Artificial Intelligence

Advanced Data Structures & Algorithms Analysis

Object-Oriented Programming through Java

Advanced Data Structures Lab

Java Programming Lab

Python Programming

Environmental Science

Mini Project / Internship

Semester II

Optimization Techniques

Probability & Statistics

Machine Learning

Database Management Systems

Digital Logic & Computer Organization

AI & ML Lab

DBMS Lab

Full Stack Development – I

Design Thinking & Innovation

Community Service Project / Internship

B.Tech Branches Offered at ISTS

The official B.Tech programs are:

Computer Science and Engineering (CSE)

Computer Science and Engineering (Artificial Intelligence)

Artificial Intelligence & Machine Learning (AI & ML)

Data Science

Electronics & Communication Engineering (ECE)

Electronics Engineering (VLSI Design Technology)

Electronics & Communication (Advanced Communication Technology)

Agricultural Engineering
